

Tooth Talk

We love to use these fun words/expressions in our office instead of the “scary” ones. Our main intent is not to lie to your child but to reduce fear and anxiety for the little ones who are scared or uneasy. Please help us create a more positive environment for everyone!

Fun word	“Scary” word
Magic wand/Tooth to sleep	Needle
Wiggle	Extraction, pull, and/or yank
Sugar Bugs	Cavities
Magic/Happy Air	N2O
White star	Filling
Counting teeth	Exam
Music Maker	Drill
Pillow	Mouth preparation
Silly nose	N2O mask
Sparkly teeth	Fluoride
Water Squirter	Water Syringe

As your child becomes more comfortable with each visit, we will adjust our words

Thank you,

The Sunny Smiles team 😊
